NARRATION & SUBTITLES

The human voice is extremely potent and evocative in helping achieve a lasting impression on your DVD. We direct professional male and female native speakers that harmonize with your visual style and content.

SMALL WORLD

A Shiney Films One World DVD™ is designed for companies and organizations that need to access the international markets. Removing language boundaries, and including subtitles for maximum clarity, will enable and support your marketing and promotional needs, providing you with an additional, attractive advantage on your DVD.

MAXIMUM COVERAGE

The Shiney Films One World DVD™ can open up access to new European and World markets for your organization. Ensuring your message is getting across clearly and correctly to potential clients worldwide. Why limit your company's development to one country when you could access the world.

SEAMLESS INTERACTION

With your Shiney Films One World DVD™ the audience can choose different multiple languages, subtitles and text from the DVD menu, simple with the push of a button; allowing them to enjoy the DVD in the comfort and understanding of their own language.
